AMIN ELMI

I am a sofware developer skilled in

Javascript ,HTML, CSS and React

↓

ABOUT ME PAGE , PROJECTS AND CONTACT DETAILS

ABOUT ME

From the moment i produced "Hello World" in the console on my first application. I knew i was hooked into the world of software . What started with "Hello World" has become a

full fledged passion which

has led me to continually

learn and improve my skills

in creating high quality

software that clients are

happy with.

PROJECTS

Below you are some of the projects i have completed using Javascript , HTML ,CSS and React.

CAFE MENU

Cafe Menu built with HTML and CSS

VIEW PROJECT

REGISTRATION FORM

This is a Registration Form

VIEW PROJECT
